

To whom it may concern,

I am writing regarding Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary.

The media has a huge impact on the reality of people. Because of this, it has a very important responsibility to be impartial and forthcoming with information. Anytime we as a country are only allowed to see half of the story, it misguides our reality, manipulates us, and makes us weaker as a people and as a nation.

Allowing Sinclair to continue with this plan would open the door for increased media manipulation of the American people in the future. Please do not allow this to happen.

Sincerely,
Laura Steckbauer
